

# FOREWORD

*The Right Honourable Tun Dato' Seri Zaki Tun Azmi,  
Chief Justice Federal Court Malaysia*

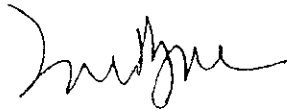

I must compliment Dato' Vincent Ng for *his sharp wit and flair for words displayed in the grounds of judgment which he had written through his tenure as a Judge at the High Court and as a Judge at the Court of Appeal. I must also congratulate Alex Chang Huey Wah Esq and Khoo Guan Huat Esq for their efforts in having compiled from those judgments, extracts of relevant text for the book 'Footprints of a Judge's Journey Through Mother Earth'.*

Although I had known Dato' Vincent since my days as President of the Sessions Court in Ipoh, I only became closely associated with him when I rejoined the Bench in 2007 and more so when I became the President of the Court of Appeal.

*Foreword*

Dato' Vincent has the ability to express himself in a manner that makes his judgments an interesting read. I am sure not only lawyers but ordinary lay persons will also find this book useful and interesting.
