PUDU CONTINUES TO ROLL: A brief recap of what had happened during the last few months

We had a successful installation dinner and had a good time with wonderful fellowship with our sister club friends. Since then we had attended their respective installations too with President Aaron Ong leading the members. We had been to RC Songkhla, RC Dhonburi, RC Singapore West, RC Hong Kong Harbour and RC Mandaluyung in great numbers. Besides meeting up with good friends and had good fellowship with them, there were a lot of shopping too.

The club continues to roll!!!

The Interactors all had their successful installations, meaning succession were in place. It is not a trivial matter as in some years and in quite a number of Interact Clubs (not under our care) there were problems in succession leaving the clubs in limbo. Thus it is due credit to our hardworking New Gen team. Not forgetting we too had a successful ILTS in March. And a successful Rotarian-Teacher Advisers Hi Tea too in May.

Not forgetting the Rotaractors who staged a delightful and innovative installation in August.

Our Fund Raising in May too was a great success as we managed to raise the required amount for our year's activities. Thanks to Chairman VP Rtn Lawrence Annes who worked very hard.

Our activities continues unabated starting with our firesides to inculcate Rotary Information to new and old members. So far we had firesides on New Gen, Service and Club Administration with various members' homes as venues. We had a great time visiting the Jenjarom Old Folks Home in August. The visit was also an opportunity for Rotarians' families to get to know one another and everyone had a great lunch at Pulau Carey.

Who can forget the wonderful food at the 100%ers' dinner in August? IPP Steven gave out some lovely t-shirts in appreciation for the effort to be a 100%er.

The highlight of the last few months surely is the hosting of the District Governor during his visit to the club in early Sept. He had met our Interactors and Rotaractors, and attended our 2nd club assembly at PDG Dr Paul Lee's residence and we got to know DG Mansoor Saat and District First Lady Emzita better. He gave an inspiring speech during our luncheon meeting.

In the meantime, the various service avenues had their respective monthly committee meetings. The BOD also met without fail each month.

In other words, the club continues to roll!!!

(How many times the word "great" can you count)

My dear Pudu Rotarians,

Peace be unto you.

Welcome back from your long weekend and I trust you have had a wonderful time with your family and loved ones. As you read this issue of our Berita Pudu I am pleased to announce the latest addition of two Honorary Members into our fold.

It is with great pride and joy that we get to extend the Rotary Honorary Membership to our very own PP Dato' PY Choong and PP Rosemarie Wee. The Rotary Honorary Membership is given by election of a Rotary Club to people who have distinguished themselves by meritorious service in the furtherance of Rotary ideals.

PP Dato' PY Choong and PP Rosemarie Wee need no elaboration of their commitment and contributions to the cause of Rotary ideals, particularly in regards to projects undertaken by our club. The club can always count on their support – be it in sharing their expertise or resources to help us carry out a successful project.

I wish to put on record that the recommendation for conferring this Honorary membership to these two outstanding individuals was decided by last Rotary year's (RY 2011/12) Board. I am honored to be given this pleasant task to induct them into our fold as Honorary members of our club for this Rotary year.

Our club is blessed to have these two Honorary members who will be able to play an active part in our club projects. PP Dato' PY Choong is the undisputed "Fund Raising" champion of our club while PP Rosemarie Wee is the queen of publicity. With these combinations of expertise in our midst and all our other active Rotarians, Rotary Club of Pudu has laid a strong foundation for the future leadership of this club to bring the club to higher heights.

Do drop a note to welcome our newest Honorary Members, if you have not already done so. I am sure they will be happy to hear from you.

Till the next issue, stay happy and stay safe.

In Rotary Service,
Aaron Ong Lai Huat
 President RY 2012/13

Record of Meeting on 22nd October 2012

Guest Speaker : MR. MARCO MONTAGNOLI
Subject : GREEN TECH FOR OIL & WATER SEPARATION

VISITING ROTARIANS

Name	Club
Rtn. Takeshi Suzuki	RC of Shibuya, Japan

GUESTS

Name	Host
Shuichi Ajitu	Rtn. Takeshi Suzuki

COLLECTIONS

Birthdays / Anniversaries / Fines	:	RM 39.00
Paying Diners	:	RM 130.00
Raffles & Others	:	RM 42.00
Total	:	RM 211.00

Club Proceedings

Acting SAA Rotarian Mok Sin on behalf of Acting President Alex Chang called the meeting to order at 1.20 pm. He later introduced the visiting Rotarians and guests. He later led in the singing of the National Anthem and proposed the loyal toast.

The fine master was PP Gary Lim who started his fine session by fining all the back benchers RM1 each.

He also fined Acting President Alex Chang RM2 for standing in for President Aaron Ong.

Rtn. Asok Kumar for making a sarcastic remark in his email was fined RM2. Rtn. Carlo and Rtn. Lucianna were each fined RM1 for inviting a beautiful lady guest to the club meeting.

Rtn. Mok Sin, Tenny Lee and Rtn. Asok whose faces appeared in the club bulletin were each fined RM1.

Late comers, Rtn. Asok Kumar, CC Wong and Datuk Muslim were each fined RM1.

All the members who were not wearing a jacket or their name tag were each fined RM1.

Rtn. Carlo paid RM10 for his birthday and a birthday song was sung for him.

Rtn. Asok, PP Sam and PP Datuk Muslim whose back was facing the finemaster were fined RM1 because of 'bad feng shui'

President's Announcement

Weekly Meeting for: 22nd October 2012 @ SHANGRI-LA HOTEL

1. On 26th October, 2012 there will be a PP Council Meeting cum Nominating Committee Meeting for BOD of RY 2013-14 at PP Rosemarie Wee's residence at 7.00 pm. All Past Presidents and current Board members are cordially invited. At this meeting, we will also be presenting Rotary Honorary Membership to PP Dato'PY Choong and PP Rosemarie Wee.
2. The Club Administration Committee has organized an inter-club fellowship dinner with RC Cheras on 27th October (7 pm) @ Restaurant Lanjie Steamfish, Taman Tan Yew Lai. This is a last call for members who are interested to join but have missed the earlier announcements to register your attendance with Rtn. Elaine or Director CT Heng by today.

Introduction of Speaker

PP Choo Jee Sam introduced the guest speaker for the day who was Mr. Marco Montagnoli who spoke on the topic of 'Green Tech For Oil and Water Separation'

Speaker's CV

Family name : Montagnoli
First name : Marco
DOB : 29-07-1985, in Voghera (PV), Lombardia, Italy.

Marital Status : Unmarried
Address : Phileo Damansara 1, PJ, Selangor.
Mob. : 012 688 3709
E-Mail : marco.montagnoli@maccaferri-asia.com

PROFILE

A dedicated and results-driven person, working with Maccaferri, a leading Company for the supply of better engineered solutions in the Civil and Environmental Engineering Sector. Cultivating interpersonal, communication and negotiation skills and the ability to develop and maintain mutually beneficial internal and external relationships. Enjoys living and working in Malaysia and contribute to develop sustainable practices in his job sectors.

PRESENT PROFESSIONAL CARRER

Since 03/2011 and still in progress, working at Maccaferri (Maccaferri (M) Sdn Bhd) as Business Development Manager.

Main Occupation: Marketing and Promotion of Oilsep CC Ecology, innovative and efficient Oil & Water separator mainly used for Environmental Protection and in Industrial Processes for Pollution Prevention.

EDUCATION

- 1) Since 09/2007 to 04/2010: University of Pavia – Faculty of Engineering. Master Degree in “Engineering for the Environment and the Territory” (Environmental Engineering)
Master thesis: “Choice and application of a mathematical model for the management of the air quality in Tangshan Municipality, China”.
- 2) Since 09/2009 to 01/2010 Beijing University of Technology (BJUT) – College of Energy and Environment Engineering. [Engineering / Exchange Program for International Student (EPIS)].
- 3) Since 09/2004 to 12/2007: University of Pavia – Faculty of Engineering Bachelor Degree in “Engineering for the Environment and the Territory” (Environmental Engineering).

Speaker's Text

OILSEP CC ECOLOGY

The Green Technology for Oil & Water Separation

Background

www.maccaferri.it
www.maccaferri.com
www.maccaferri.com.my
www.mitcci.org

The Working Principle

Oilsep CC Ecology is a safe, effective machine that uses pressure and specific gravity to reach the separation of non-miscible liquids, such as oil and water.

This machine can separate all kind of non-miscible liquids. This works on a physical process and allows the recovery of oil at a rate up to 99%.

Green Technology

- OILSEP CC ECOLOGY recovers oil floating on the water surface.
- Oilsep makes the separated oil ready to be treated or disposed.
- Oilsep returns clean water to the environment.

Oilsep CC Ecology has green advantages

It respects the environment:

- Low energy consumption.
- No greenhouse gases emissions.

It drives the sustainable development:

- Helps in reusing valuable resources: oil.
- Contributes in reducing the pollution.
- Allows to recycle the renewable resources: water.

REUSE - REDUCE - RECYCLE

Environmental equipment: virtuous circle

OILSEP CC ECOLOGY

- Green & Innovative
- Flexible and Useful
- Efficient
- Performing and convenient

Advantages and Benefits

Palm Oil Industry

Palm Oil is one of the most useful and environmental friendly among edible oils.

Palm Oil Mills use large quantities of water during the extraction of crude palm oil (CPO) from the fresh fruit bunch. Processing waters are collected in the POME. The POME (Palm Oil Mill Effluent) comprises a combination of the wastewaters which are principally generated and discharged from the major processing operations.

Oil Spill Response

Extraction and recovery of oil from accidental spills.

- Direct re-circulation of oil-free water into the sea.
- Minimal transport of oil to land treatment.

Oil & Gas Industry

- Extraction and recovery of oil from accidental spills in the loading area.
- Extraction and recovery of slop oil from the WWTP.
- Separation of oil from water after desalting.
- Separation of oil from water after washing the ROB and after washing tanks.
- Integration in the refinery, and onshore. Off shore as equipment.
- Stand by as an emergency tool, mounted on vessels.

Oilsep CC Ecology: Benefits

OILSEP CC ECOLOGY separates oil from water mechanically.

- Recover free oil floating on water.
- Reduce water content in oil.
- Remove oil content in water.

Greetings

Maccaferri can offer technical/economical feasibility studies in cooperation with you. We are able to provide customized solutions and technical assistance from design to installation and during operation...
marco.montagnoli@maccaferri-asia.com

Thanking of Guest Speaker

Rtn. Carlo Allaria on behalf of the club thanked the guest speaker Mr. Marco Montagnoli for his wonderful presentation and presented a token and a certificate of appreciation to him.

PRC WEEKLY MEETING HELD ON 22nd OCTOBER 12

MORE....

Date October 19, 2012, Friday
To: Members of PRC
From: Alex Chang; Our Ref: PRC-memdevmeeting.wpd
Re: Membership Development Night

Dear Sirs

We refer to the above.

2 Kindly take note that the Membership Development Night will be held on November 12, 2012 at Shangrila, 7pm to 10pm.

2.1 We urge all Members to attend and bring a potential member to boost the membership of our club. The best feature of the Night... All your friends will be guest of the Rotary Club of Pudu.

2.2 The programme for the evening is attached.

3 Seats are limited please make use of the attached form to let our liaison chairman Rtn Patrick Lee know the number of guest(s) you will be bringing to the evening by November 1, 2012 for the catering purposes.

Best regards

Alex Chang

Rotary Club of Pudu Membership Development Night

November 12, 2012

Programme

- 7.00 Registration
- 7.05 Slide show to show case our club
- 7.30 Buffet Dinner
- 8.00 Welcome by MC
- 8.05 Welcome by OC Alex Chang and introduce PDG Leslie
- 8.10 PDG Leslie Salehuddin- Ten Reasons Why You Should Join Rotary
- 8.25 (If time permits PDG Leslie Salehuddin will have a rare presentation of a song for the audience)
- 8.30 President Aaron Ong to thank PDG Leslie and to present us a song
- 8.35 Rotaractor PP Eriq Lee- Rotary A Wonderful Organisation
- 8.45 Rotaractor Michelle to present a song
- 8.50 Rtn Veronique- Rotary Clubs in France and Malaysia
- 8.55 Rotaractor Michelle to present a second song
- 9.00 Fellowship and wine tasting (Tentative).

Rotary InFormation

REMINDER ON WHAT IS ROTARY INTERNATIONAL & WHY WE JOIN

Rotary International (also known as the Rotary Club) is an international service club whose stated purpose is to bring together business and professional leaders in order to provide humanitarian services, encourage high ethical standards in all vocations, and help build goodwill and peace in the world. It is a secular organization open to all persons regardless of race, colour, creed, religion,

gender, or political preference. There are 34,282 clubs and over 1.2 million members worldwide. The members of Rotary Clubs are known as Rotarians. Members usually meet weekly for breakfast, lunch or dinner, which is a social event as well as an opportunity to organize work on their service goals.

Rotary's primary motto is "Service above Self"; an earlier motto, "One profits most who serves best".

RI News

Rotary Scholars at UNESCO-IHE begins studies

The first class of Rotary-sponsored scholars will begin their studies 18 October at the UNESCO-IHE Institute for Water Education in Delft, the Netherlands, under a strategic partnership between the Institute and The Rotary Foundation.

The partnership, formed in 2011, seeks to address the world's water and sanitation crisis by increasing the ranks of trained professionals needed to devise, plan, and implement solutions in countries that bear the brunt of the problem. Under the partnership, The Foundation provides packaged grants to Rotary clubs and districts, which select and sponsor up to eight students a year for scholarships to any of three 18-month Masters of Science degree programs at UNESCO-IHE, the world's largest postgraduate water education facility.

This year's scholars include: Temesgen Adamu (Ethiopia), Godfrey Peterson Baguma (Uganda), Kenechukwu Okoli (Nigeria), Annet Ahimbisbwe (Uganda), Rafiu Jimoh (Nigeria), Bernice Asamoah (Ghana), Juma Haineni (Kenya) and Gonzalo Duró (Argentina).

"By identifying high-quality, high-potential candidates for these scholarships, Rotary clubs help the countries most impacted by the water and sanitation crisis increase their capacity to identify and implement solutions. It is a strategic, long-term investment with long-term benefits," said Rotary Foundation Chair Wilfrid J. Wilkinson.

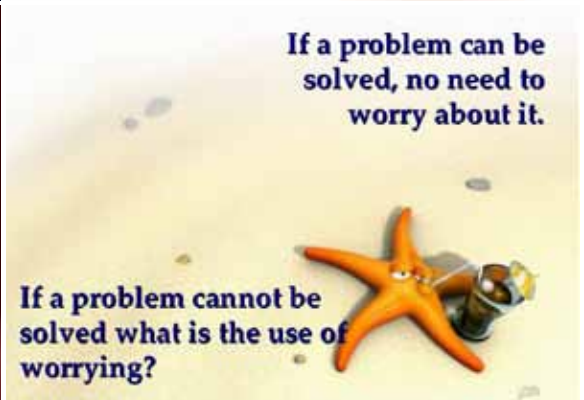

Rotary clubs and Rotarians are mentoring the students both in their home country as well as during their stay at UNESCO-IHE. Relationships and networks are built that enable the students to effectively implement their skills upon return to their home country.

"My academic program and future career will predominantly help toward addressing my community's water and sanitation issues by embarking on groundwater exploration, organizing training at the local government ... making available well-designed disposal facilities, and carrying out routine water quality assessment," said Jimoh, one of the eight scholars, from Lagos, Nigeria.

Under the Foundation's new grant model, Rotary is forging strategic partnerships with established organizations that have expertise in Rotary's areas of focus. Packaged grants support scholarships and service projects with sustainable, high-impact outcomes in one of the six areas of focus.
