As a man walked a desolate beach one cold morning he began to see another figure, far in the distance. Slowly the two approached each other, and he could make out a local native who kept leaning down, picking something up and throwing it out into the water. Time and again he hurled things into the ocean.

As the distance between them continued to narrow, the man could see that the native was picking up starfish that had been washed upon the beach and one at a time, was throwing them back into the water.

Puzzled, the man approached the native and asked what he was doing. “I’m throwing these starfish back into the ocean. You see, it is low tide right now and all of these starfish have been washed up onto the shore. If I don’t throw them back into the sea, they’ll die up here from lack of oxygen.”

“But there must be thousands of starfish on this beach,” the man replied. “You can’t possibly get to all of them. There are just too many. And this same thing is probably happening on hundreds of beaches all up and down this coast. Can’t you see that you can’t possibly make a difference?”

The local native smiled, bent down and picked up another starfish, and as he threw it back into the sea he replied, “Made a difference to that one.”

Each of us is but one person, limited with our own resources. We may feel there is so much to be done, and yet we have so little to give.

When we leave this shore, there will still be thousands of starfish stranded on the beach. Perhaps we can’t change the whole world, but as Rotarians we can help change one person’s whole world. One at a time. We can make a difference!

Warmest regards.
PP Mike Tung

“Things may come to those who wait, but only the things left by those who hustle.”
Abraham Lincoln

After a few months of hustle and bustle, after writing the last two messages in Malacca on the way back from RC Singapore West Installation; and another while in a Hotel Room in Manila just before the installation of RC Mandaluyong, I have an opportunity to write this in the comfort of my office...

Besides the usual weekly meeting that we have, we have a joint meeting between three avenues of service, International, Vocational and Youth on Wednesday last week.

The highlight of the meeting was an international food and cultural fair to be held at the Berjaya University College of Hospitality and an Art Competition to be held and organised by the Youth Service.

During the same meeting, PDG Paul Lee gave us an idea modeled after ‘THE ONE’ project of District 3450. After listening to it, Director Sandy Soh was so moved that she agreed immediately to chair a similar project in Pudu to honour selfless Malaysians who are dedicated to serve the community. This brings to my mind that PP Dato Muslim joined us at the last meeting despite the fact that he was fasting. As the web master, he came for the meeting and to take some photographs for uploading.

Our fund raising chairman is appealing to all members to contribute generously for goodies bags to be given out to the 150 orphans who will come to watch the movie ‘Wolverine’ on Saturday July 27, 2013.

We welcome our guest speaker HE the Ambassador Marco V. Balarezo, the Ambassador of Peru, to our meeting and to speak to us today.

SPEAKER’S CV

Mr Billy Lai spoke in a clear voice to command the attention of the audience. It was a very interesting talk about Reinsurance for which not many of us really have much previous knowledge or understood its workings; although having heard of it. In the limited time of 20 minutes, however, Mr Lai managed to educate us sufficiently. And he was kind enough to pass on his PowerPoint file for our benefit.

SPEAKER’S TEXT

WHY DO WE NEED REINSURANCE

General VS Life

General Insurance
- Indemnity
- Reinstatement Value
- Annual Basis
- No Return
- Flexible pricing

Life Insurance
- Compensation
- Agreed Value

This is our major Fund Raising project for the year. It is an action-packed thriller based on the X-men. Follow this review by “Rotten Tomatos” below:

“The gruff, adamantium-clawed Marvel superhero Wolverine strikes out on his own in this X-Men spin-off starring series regular Hugh Jackman.

The story gets under way as the boy who will become Wolverine makes a shocking discovery about his family bloodline, and gains a brother in the process. Flash forward to find the mutant siblings battling side by side through two world wars and Vietnam where they are sentenced to death for killing a commanding officer -- and Logan (Hugh Jackman) and his brother, Victor Creed (aka Sabretooth, played by Liev Schreiber,) have joined a top-secret government task force.

When their targets begin to include innocent civilians, conscientious Logan escapes to the Canadian Rockies, where he builds a home with pretty schoolteacher Kayla Silverfox (Lynn Collins.) Informed by his old commanding officer William Stryker (Danny Huston) that the members of his old team are being targeted for death, Logan is heartbroken when Victor finds and kills Kayla. Vowing revenge, Logan agrees to take part in a dangerous experiment that will fuse his bones with a powerful metal alloy called adamantium, which makes him virtually indestructible and gives him the strength needed to defeat his powerful brother. Subsequently betrayed by Stryker, Logan (now Wolverine) sets out to find his blood-lusting brother and stop the cycle of violence once and for all.

Along the way, the temperamental hero is joined by fellow mutants John Wraith (Will.i.Am) and Remy LeBeau (aka Gambit, played by Taylor Kitsch.) But before Wolverine can seek vengeance against Striker and his brother, he'll have to do battle with Deadpool (Ryan Reynolds) a formidable mutant instilled with many powers. ~ Jason Buchanan, Rovi”

JOINT DISTRICT “SEEING EYE TO EYE ” SEMINAR 2013

Dear friends,

I was among the delegates of District 3300 who attended the Regional Rotary International Meeting, Seminar and training in Bangkok from May 31st to 2nd June in Bangkok. This meeting was for zone 6B comprising 10 districts from Bangladesh (2), Pakistan and Afghanistan (2), Thailand, Cambodia and Laos (4) and District 3300 and 3310.

The whole seminar was an eye opener what with the rapid progress of Rotary in countries like Bangladesh with 192 clubs, polio eradication efforts in Pakistan and the efforts being carried out in all the other zone B Districts. I realized we have similar problems especially with membership and other related issues.

The closing ceremony of the training was graced by PRIP Bhitchai Rattakul who in his usual dignified manner gave us a wonderful send-off speech. PRIP Bhitchai expressed his sadness over a number of issues plaguing Rotary that troubles him tremendously.

The first issue was on the lack of importance given to Vocational Service by many clubs which he finds regrettable. He feels that vocational service stands first among all the avenues of service and steps must be taken to regain its pre-eminence without which Rotary would lose its trademark.

The second issue on which he took exception is the manner in which we carry out our service projects. He wants us to be hands on and be personally involved in projects which used to be the case without exception in the early years of Rotary.

He wants us to go back to the basics. He wants us to discard the hands-off attitude and using hand-outs in the name of projects.

The other issues which he was unhappy was about the poor attendance at meetings and the slow erosion of core values. He wants us to reinforce the 4-Way test.

These are the words of wisdom from an eminent statesman and former RI president. He must have been pained to see the path Rotary is taking and this must have prompted him to speak out. We could do well to heed his call and take the necessary steps.

Warm Regards

PP Baskaran

**THE ROTARY FOUNDATION GRANTS**

Dear Club Presidents, Secretaries, Club Rotary Foundation Chairs and Fellow Rotarians

Recently, The Rotary Foundation’s new grant model was launched; designed to help all of us make a greater impact in the world.

Our district grant will return more of the money we’ve contributed to the Foundation for projects that we can carry out here in our local communities or abroad.

Global grants will give us more funding to expand our humanitarian projects, provide scholarships, and sponsor vocational training teams—all of which will have a significant lasting effect on the host communities.

We also have the option to participate in packaged grants, which are designed and funded by the Foundation with a strategic partner.

This year, our district will participate in District and Global Grants.

If your club is qualified, you can apply for District and Global Grants. Please note that the closing date is **31 August 2013**.

The application forms for District Grants and Global Grants are (downloadable from your own website.)

If your club is not qualified please take the necessary action to qualify your club.

Please do not hesitate to contact your Club’s TRF Chair (or me) if you need further information.

*With best regards*

*PDG Dr Rajindar Singh*

Dear Fellow Club Officers & Rotarians,

All throughout these past few years, there are many Club Officers and Rotarians who are still having problems with the "Member Access". As I know that the training sessions at the District Assembly is not sufficient to give you everything about the uses or how to register yourselves into the "Member Access," due to time constraints.

I would not say that I have some experience or very good at using the "Member Access," but after being seven times as the Club Secretary I have encountered many Rotarians in our District who needed help in registration or asking "how to pay RI Due" etc.

The "Member Access" is forever changing, so I am still learning... last year was different from this year. But anyway, for those who have been at it in the past... no problems.

If you have any question, please do not hesitate to call or email to me. I will try to reply you within 24 hours.

Yours in Rotary,

Good morning.

It is a great joy to see so many friends and fellow Rotarians here at our international convention.

A Rotary convention is the high point of the year for every Rotarian fortunate enough to attend. It is an opportunity to reflect on the year that is about to end, to see old friends and make new ones. And it is a chance to look forward, toward the year that we will soon begin.

As incoming Rotary Foundation chair, I am looking forward to an exciting year of change, growth, and new achievements for our Rotary Foundation.

In 2013-14, we have set four goals for our Foundation. They are: eradicate polio, build ownership and pride in our Foundation, launch our new grant model, and engage in innovative partnerships and projects.

Our first goal is no surprise to any of you, since it has been our first goal for many years. We all know that we must eradicate polio. We have come so far: We have immunized over 2 billion children, and endemic poliovirus is gone from all but three countries in the world. My friends, we are "this close" to ending polio.

But this last effort is the hardest. The budget for the new strategic plan is US$5.5 billion. We still have a significant funding gap. And although new outbreaks of polio are decreasing, every one must be met with a response that is immediate, massive, and costly.

In Korea, we have a proverb: 고로움이 있으면 좋 거름도 있다.

It means: After hardships come happiness. Polio eradication is hard work, but when we have finished — when we have eradicated polio — we will have achieved something wonderful.
And we have seen as well that their feeling of commitment to our Foundation has become stronger.

Soon, we will all be using the new grant model. I am confident that this is a positive change for Rotary. We know that it will be a very large change. And we know that such change is always difficult. But we also know that it is the right move at the right time for Rotary. The new model will enable us to help more people, in more lasting ways. It will ensure that our good work will last and have the greatest impact. As stewards of our Foundation, this is our goal, and our responsibility.

Our fourth goal is to engage in innovative partnerships and projects, to expand our reach and our impact.

Rotary has a tremendous reach, and can do a great deal. But one thing that we all know in Rotary is that we can do more together than we can alone. When we work with local NGOs and other organizations, we gain more knowledge and more insight. We add to our resources and our abilities. And we build more bridges of understanding, friendship, and cooperation.

By partnering with others throughout the world, we often achieve more, and learn more, than we set out to do. This is an important way that we build Peace Through Service.

We have learned, through our long history in polio eradication, how effective such partnerships can be. Our many global partners have made polio eradication possible and have helped us to achieve a great deal of good along the way. This is an important lesson, and it is one that we must build on in the years ahead.

Our theme for the new Rotary year is Engage Rotary, Change Lives. It is time for all of us to engage our Rotary service — and engage our Rotary Foundation. It is time for us all to recognize that all of the good that Rotary does begins with each of us — with the work we do in our clubs, and our generosity to our Rotary Foundation. President-elect Ron has asked all of us to remember that the Rotary Foundation is our Foundation. The Foundation is there to support our service, and it is our responsibility to support it. In this way, all of us can be a part of all of the wonderful work that Rotarians are doing all over the world.

My friends, I look forward with you to a wonderful year of service, and new beginnings for our Foundation. I wish you all an enjoyable convention and a new Rotary year — of Doing Good in the World, as we Engage Rotary, Change Lives.

Thank you.

Changes for 2013-14

1. Rotarians will be allowed to form satellite clubs, whose members meet at a different time and location from their parent clubs. The change, approved by the Council on Legislation in April, is intended to make it easier for members to develop the core for a new club.
2. Districts will be able to form an unlimited number of e-clubs. The Council removed a limit of two e-clubs per district. The change is designed to bring in new members and appeal to young professionals, who may be less able to meet in person weekly.
3. The name of Rotary's fifth Avenue of Service will change from "New Generations Service" to "Youth Service." This change was also approved by the Council. In 2010, this avenue of service joined Club Service, Vocational Service, Community Service, and International Service.
4. The dues Rotary clubs pay Rotary International will increase US$1 to $53 per member.
5. A redesigned Rotary website will be launched in late summer.

Polio Infected countries

Polio remains endemic in three countries – Afghanistan, Nigeria and Pakistan. Until poliovirus transmission is interrupted in these countries, all countries remain at risk of importation of polio, especially in the ‘poliovirus importation belt’ of countries from west Africa to the Horn of Africa.

Board of Directors’ Resolutions

Pursuant to the board meeting held on Wednesday, 26th June, 2013 at 6.30 pm at the Royal Lake Club, the Board of Directors wishes to propose the following resolutions for adoption:-

1. The Rotary Club of Pudu reverts from the existing CLP format to the previous Five Avenues of Services format.
2. That an additional RM50 on fellowship activities be levied per annum per member to provide a total sum of RM100 per annum per member. This additional levy is to encourage better attendance through a lower charge on members attending the Club’s evening fellowship.

By Order of the Board
